The provision in respect of Sl. Nos. (6) to (8) above was curtailed by ₹2,62.02 lakh without assigning any reason (June 2014).

(iv) The expenditure in the grant includes ₹4,30.10 lakh for administration of Hindu Endowment Act 1951. The expenditure on administration of the Act is initially met from the provision made under the grant and subsequently reimbursed from the "Orissa Hindu Religious Endowment Administration Fund". During 2013-2014 ₹4,30.10 lakh was spent and an amount of ₹1,40.66 lakh was re-imbursed to the Government Account.

Out of the total of ₹54,15.65 lakh, being the expenditure on this account for the period from 1956-1957 to 2013-2014, an amount of ₹21,35.39 lakh has been reimbursed from the fund during the period from 1958-1959 to 2013-2014. Non-reimbursement of ₹32,80.26 lakh was reported to be due to (i) enactment of various land laws affecting the income of the religious institutions from land cultivated through bhag tenants, (ii) decrease in the income of religious institutions due to natural calamities and (iii) increase in pay and allowances of the staff which causes gap between expenditure and reimbursement.

(v) Subvention from Central Road Fund :-

Additional revenue realised from the excise and import duties and motor spirit is credited to the Central Road Fund constituted by the government of India. From the fund, subventions are made to the state for expenditure on the schemes of road development approved by the Government of India. The amount received as subvention is credited in the accounts of the State government as grant received from the Government of India and simultaneously an equivalent amount is transferred to Deposit Account "Subvention from Central Road Fund" by debit to this grant under "3054-Roads and Bridges".

The actual expenditure on the scheme approved by the Government of India is also initially booked in the Capital Section of the grant and subsequently transferred to the Deposit Account. During the year 2013-14, an amount of ₹70,00.09 lakh was credited to the fund and an expenditure of ₹17,50.04 lakh was incurred.

The balance at the credit of the fund on 31 March 2014 was ₹2,80.25 lakh. An account of the fund for 2013-14 is given in the Statement No. 18 of the Finance Accounts 2013-14.

(v) No expenditure has been made in Revenue Section (Voted) under the minor head "Suspense".

The minor head "799-Suspense" is not a final head of account. It is meant to accommodate certain interim transactions where further payments or adjustments of value are necessary before the transactions can be considered complete and finally accounted for. Such transactions embrace both debits and credits and is for gross debits. The transactions under "Suspense" are accounted for under four sub-heads, viz.(a) purchases, (b) Stock, (c) Miscellaneous Works Advances and (d) Workshop Suspense. The nature and accounting of the transactions under each of these four sub-heads are explained below:-

(a) Purchases:-

When materials are received from the supplier, other divisions or departments for specific work or for stock without being paid for or adjusted during the month, their value is credited to "purchases" by per contra debit to "Works" or "Stock" as the case may be. When the payment is made or value is adjusted by transfer the head "Purchase" is debited. The head "Purchases" thus shows a credit (minus) balance representing the value of stores received but not paid for or adjusted.

In Odisha, when materials are received, credit is being afforded to 129- Materials Purchase Settlement Suspense Account under 8658- Suspense Account. This head is cleared by contra entry (minus credit) on making payment to the supplier/divisions supplying the stores.

(b) Stock:-

This is debited with the value of materials received for stock purposes. It is credited with the value of materials issued to works or transferred to another division or sold. A debit balance represents the value of materials in stock.

(c) Miscellaneous Works Advance:-

The debit represents (i) value of stores sold or credit, (ii) expenditure incurred in works in excess of deposits received, (iii) loss of cash or stores and (iv) sums recoverable from Government Servants, etc. The debit balance under the head thus represents recoverable amounts.

(d) Workshop Suspense:-

The charges for jobs or other operations in departmental workshops are initially debited to this head pending their recovery or adjustment.

Summary of Transactions:-

A summary of transactions accounted for under the minor head "799- Suspense" together with the opening and closing balances for 2013-2014 is given in Appendix-II.
